Senior Developer | React, Shopify Apps & Themes, TypeScript,
Node.js, Laravel & AI integrations
Meknes, Fès-Meknès, Morocco

Summary

Success is often achieved by those who don't know that failure is inevitable.

Experience

Ader Solutions

Lead Full Stack

January 2023 - Present (3 years 8 months)

Rabat-Salé-Kénitra, Morocco

Define and execute the company's technology strategy and product roadmap.

Lead and mentor the engineering team while fostering engineering best practices.

Design scalable, secure, and maintainable software architectures.

Develop and maintain full stack applications using React, TypeScript, Node.js, Laravel, and Shopify.

Oversee code reviews, CI/CD workflows, and deployment processes.

Drive product innovation by integrating AI solutions and modern web technologies.

Collaborate with cross-functional teams to deliver high-quality products aligned with business goals.

Le Ventures

Full Stack Engineering Developer (Remote)

November 2020 - January 2023 (2 years 3 months)

États-Unis

Developed and maintained Shopify apps, custom themes, and SaaS solutions for merchants, focusing on scalable and user-friendly products.

Built responsive frontend applications using React and TypeScript, delivering modern and high-performance user experiences.

Developed backend services with Node.js and Laravel, integrating Shopify APIs, webhooks, and third-party platforms.

Customized Shopify themes using Liquid and Online Store 2.0, creating optimized storefronts tailored to merchant needs.

Collaborated with a remote U.S. engineering team through Agile workflows, code reviews, and technical planning.

Improved application performance, reliability, and maintainability by following best practices and writing clean, reusable code.

Contributed to React Native features and supported ongoing product enhancements across web and mobile platforms.

FORNET MAROC

Full Stack developer

November 2020 - May 2021 (7 months)

Rabat-Salé-Kénitra, Morocco

Developed and maintained full stack web applications using React, TypeScript, Node.js, and Laravel.

Built scalable APIs, integrated third-party services, and delivered responsive, user-focused interfaces.

Collaborated with cross-functional teams to deliver reliable, high-quality software in Agile environments.

ARA systèmes & technologie
